

Information about *fire alarms* and *fire-escape-ladders* in Skogveien

- ◆ Everyone is responsible that their own fire alarm in their apartment works. No fire alarm should be older than max 10 yrs! If the fire alarm is considered to be non-functional you should contact the responsible person in this house.
- ◆ Everyone is responsible to change the battery for the fire alarm in their apartment every year! The date for this is the 31th of January.
- ◆ There is a fire-escape-ladder for most of the apartments. This is placed beside the bedroom windows or common room in case of emergency. This can be folded out by first pulling out a metal hook. Try to fold it out to see if you manage!
- ◆ There is a fire extinguisher in all apartments. This is often placed behind the entrance doors. Make sure you know how to use it!
- ◆ Everyone have to turn the fire extinguisher up side down once a year to avoid the powder to set. The date for this is also the 31th of January.
- ◆ Remember to be **very careful** with flames!

If you have got any questions about this, please contact the responsible person for your house.
